OTTAWA, July 15th.
Hon. Clifford Sifton announced in the house on Friday that conditions would compel the government to honor scrip certificates as annuities by the commissioners, this, making them payable to bearer and fully negotiable.

CALGARY, July 16th.
In the Calgary cricket tournament Edmonton defeated Millerville on Friday by seven wickets. Millerville in the first innings made fifty five and Edmonton seventy five. In the second innings Millerville made thirty eight and Edmonton eighty-eight for three wickets. On Thursday Edmonton was defeated by Pine lake by an innings, and on Saturday North (Edmonton and Pine lake) defeated South (Calgary and Millerville).

Fort Saskatchewan, July 17.
Crops in the district are looking well.
A son of Mr. Giles died very suddenly yesterday. It is supposed he received a sunstroke as he fell dead almost immediately.

On Saturday last a well attended general meeting of the shareholders of the Farmers Milling Co., of Fort Saskatchewan, took place in the school house where the following directors were elected: E. MacLellan, W. Walker, G. Dene, G. M. Moran, D. Simmons, H. Irwin, J. La-moureux, J. Fluker and J. W. Shera. The contract for the excavation and stone work was let and lumber for building will be delivered on the ground by Messrs. Mc-Lellan and Shackleton next week for the mill. The Goldie & McCulloch Co. closed the contract for the machinery on the 11th inst. for a mill of one hundred and fifty barrel capacity with motive power for two hundred barrels per twenty-four hours. At a meeting held by the newly elected directors Mr. Shera was elected president of the company. The balance of the stock not subscribed will be undoubtedly taken up by the farmers as they are all very anxious to see this mill built as soon as possible.

LOUIS COUTURE is expected in from Dawson on to-night's train.
Mrs. SNYDER and Mrs. Braithwaite went to Banff on Thursday last.

MISS NELSON of Morden, Man., is visiting her aunt Mrs. J. T. Blouey.
TREASURY money for the reserve cast of the Fort arrived on Friday.

The boiler and engine for the Dowling Milling company have arrived on Friday.
Masse, Perreth, Stephen, Wilson and Sawyer drove out to Cooking lake on Saturday.

H. BURMAN, trader of Fort St. John, left for the north on Friday with his year's trading supplies.
STATION AGENT ENGLISH sold 77 excursion tickets for Winnipeg on Saturday and Tuesday of last week.

MISS SUTHERLAND, of the Sturgeon, returned on Friday's train from a two years visit to friends in Nebraska.
A NEW boiler for the Fort Saskatchewan Milling company was taken down to the Fort on Saturday by S. F. McCauley.

A NUMBER of "campers-out" came in from Cooking lake yesterday and to-day. There are yet some thirty people at the lake.
At the eight annual convention of the grand lodge Knights of Pythias of Manitoba and the N. W. T. R. Hockley of Edmonton was elected G. I. G. of the grand lodge.

A TEAM ran away from McLeod's mill on Saturday and headed for main street. On the way they left their wagon badly broken, and were finally brought up by having a rear-end collision with another wagon from which they emerged with a number of cuts.

EDMONTON cricketers return from Calgary to-night.

FOOTBALL match, falcon vs. lean, takes place to-morrow night on the track here.

ALEX. TAYLOR returned from a trip through the Crow's Nest country on Friday.

REV. D'ARNAUD and E. F. Slocock, of the Edmonton cricket team, returned from Calgary on Friday.

WOOD BROS., of Pigeon lake, who have been hunting on Hay river, came in from the north last week.

The cricket, football and golf teams of Calgary and Millerville are arranging to visit Edmonton the first week in September and complete a tournament here. Pine lake cricketers will also attend if possible.

CYRUS GRESH and P. D. Walker, of the Dibble survey party, came in from Lesser Slave lake on Friday, where they had been for the past two months. Two of the sisters from the St. Bernard mission at the lake, and a man named Hewitt, from Innisfail, also came down to the landing in the same boat.

J. STEFFES, formerly of South Dakota but now of Morinville, brought with him a traction engine and plow which plows eight furrows at a time, if necessary. Mr. Steffes has been putting the machine to good use, and though only turning four furrows at a time has already broken this spring 125 acres of new land.

The Lyceum Dramatic Company will visit Edmonton and appear for three nights, Friday, Saturday and Monday next, in the Robertson hall here. The company had a very successful western trip which ended at the coast. A number of the players returned east from there and the remainder are working back performing some of their longer plays and giving scenes from their longer Shakespearean dramas in which they are particularly strong.

The North-West High Court Independent Order of Foresters, which now numbers 1200 members, will meet at Calgary, August 7 and 8th next. It is expected that delegates from over forty courts in the Territories will be present. Reduced rates have been promised by the C. P. R. to members of the order desiring to attend. The supreme court of the order will also be represented by some of its officers. A most interesting meeting is looked for.

INTEREST in the Tete Jaune Cache gold excitement, which has been on the wane of late, is being revived. Jackson & McLaughlin have outlined a plan to go back to the back; and R. Maiz left on Saturday for Donald to arrange for the immediate return of Jos. Heston and Sam Herr who were sent in by him and some other Edmonton men last year. These men brought out word which has not yet been made public but which is of sufficient importance to cause their immediate return.

The Fort Saskatchewan Farmers' Milling Company has purchased the Goldie & McCulloch Co., of Galt, Ont., the complete machinery for a 150 barrel roller mill of the latest design with motive power sufficient to run a 100 barrel capacity mill, if required. The contract was made for the timber, foundations, etc., and it is expected that the mill will be in readiness to handle wheat by the 1st of December. The cost of the mill, complete, will be about \$18,000.

A MEETING of the stationary mechanical engineers was held in Strathcona on Tuesday last for the purpose of forming an association for protection against uneducated and unqualified engineers. An association was formed with G. R. Taylor, president; J. Fraser, vice-president; S. W. Carscadden, secretary; and A. M. Whittington, treasurer. Another meeting will be held next Saturday in Carscadden & Wainright's, Strathcona, at which all engineers from both towns are requested to be present.

MR. AND MRS. JOHN CLARK, of Minnedosa, Man., who have been visiting their daughter, Mrs. Armstrong, here, return home this week. Mr. Clark stated that he had heard of the Edmonton district, but never expected to see such a country as he found here. He has been travelling over the district for the past five weeks and the more he sees the more favorably impressed he has been. As an evidence of his faith in the country's future Mr. Clark has about completed arrangements to purchase the Chas. Stewart farm, one of the best in the district, situated about five miles east of town and expects that some of his sons will leave Manitoba and settle on it.

ONE of the finest farms in the district, and one of which the owner is justly proud, is that owned by Frank Sieh, on Stony Plain, about 28 miles west of town, near the Warden school house. Mr. Sieh came here a year ago last fall, overland by train from Montana and he now has under cultivation 160 acres of land—50 oats and 75 wheat. The crop is maturing rapidly and Mr. Sieh is confident the oats will yield 100 bushels to the acre and the wheat between 40 and 50 bushels. His new potatoes are ready for use and peas will be ready for the table this week. In addition to the crop mentioned Mr. Sieh has two acres of land which he is using for purely experimental purposes, to ascertain the various crops and roots best adapted to the country.

CORP. PHILLIPS came in from Lesser Slave lake on Friday, bringing in ten Indian witnesses on the weighty murder case. The preliminary hearing of the case will take place at the Fort this week and if the accused are committed for trial, as it is expected they will be, application will be made by Sup't. Grisham for a special sitting of the supreme court here to try the case. The regular sitting of the court will not be held until October and to detain the prisoners and witnesses, 12 in all, at the Fort until that time would be a large and unnecessary expense, as well as entailing a great deal of unnecessary labor. The witnesses have to be guarded with the same vigilance as the prisoners. At present the prisoners at the Fort outnumber the guards.

J. FIELDERS says: "If the old-timers all go as they ought to, and as many new ones as they are going to the basket picnic at Dr. Neill's, it should easily be the best picnic of the season and a handsome collection realized. It has been decided to take up a collection instead of making a regular charge and to have tea from 5 to 7 instead of from 4 to 6 o'clock as advertised. The grounds are very handsome and have always been open to the public for pic-nics, but this is the first one ever held for the doctor's benefit and a great crowd is expected. As we know a little from many makes a nice sum for one, if the little is not too little; and every one is invited to come and give as they see fit. The usual picnic amusements will be provided—football, croquet, swings, ice cream and lemonade."

FOUR hundred Galicians came in on a special on Saturday.

WORK will start next week on the enlarging and improving of the stage of the Robertson Hall. A new drop curtain and new scenery will also be painted.

A SPECIAL prize of a ladies saddle will be presented by the South Edmonton agricultural society for the best turnout lady and gentleman riders, at their summer fair to be held on the 25th and 26th.

EDMONTON BULLETIN, JULY 17th, 1899.

PARLIAMENTARY.

Lord Minto, in addition to assenting to a partial supply bill on the 10th, also assented to the following western bills: Edmonton and Slave Lake railway, Alberta Irrigation company, Brandon Southwestern railway, Northern Pacific and Manitoba, Nipissing and James Bay railway, respecting the Canadian Saskatchewan Railway and Mining company, Great North-west Central railway, Hudson's Bay and Yukon railway, Red Deer River Railway and Coal company.

In the house Sir Wilfrid Laurier repeated to Mr. Prior that the negotiations for a permanent boundary in Alaska were in about the same position as when the conference adjourned. Although no definite agreement was yet reached for a provisional boundary, he was hopeful this would be done.

The redistribution bill was taken up and discussed until a late hour, when it got its third reading.

In supply on the militia estimate Sir Chas. Tupper and the opposition attacked the government for having military in Yukon. Tupper said Gen. Hutton was against it. Mr. Borden, Sir Wilfrid Laurier and others showed the presence of the military was of great benefit. Mr. Borden also stated that it was intended in the future to drill the militia every year.

The house, which sat all night, was still sitting the next day with little prospect of adjournment. The opposition are asking for certain details connected with accounts and will not allow the estimates to go through until they are brought down. These obstructive tactics, if pursued, are likely to lengthen the session.

The commons committee on privileges and elections, charged with the investigation of the alleged frauds in the West Huron and Brockville bye-elections assembled for the purposes of organization. Sir Louis Davies suggested that the cases be taken up separately. Mr. Sifton supported this view, and thought to proceed with the two cases concurrently would tend to confuse both the public and the committee. Messrs. Davin and Borden thought the cases would be injured by this course. Davies regarded the matter as serious. The investigation was into the conduct of the returning and deputy returning officers and in case of their connection the result would be of sending parties to the penitentiaries. The point was not definitely disposed of. Borden said he would first take up the West Huron case, and gave a brief outline of the evidence he would produce. One case concerned polling subdivision 4, Colborne; Donald Cummings, deputy returning officer, where 30 voters were accounted in the return as polled for the conservative candidate, while 43 had signed statutory declarations as having so voted. Another was the case of poll 3, Goodridge, James Farr, deputy returning officer, in which only 44 votes were recorded in the return for the conservative candidate, while between 50 and 55 parties reported having sworn to so voting.

BY THE MACKENZIE ROUTE.

Dawsonites returning to Victoria report the arrival in Dawson of Dr. Conroy, Chicago; B. Wittichen, Brooklyn; David Hopkins, New York; D. M. Dalglish, P. Moran, Ottawa; M. A. McLean, J. Orchard, J. R. Ruff, Chicago and A. E. Harris, Michigan. The Hopkins party left Edmonton on December 15th, 1897, and the Conley party left on February 20th, 1898. Jean Beaurat was drowned on July 21st, and T. G. Orchard perished in the Peel river on September 8th. Both fell off rafts while shooting rapids in the river. They roped their boats up the Peel river about 200 miles after much difficult work. They prospected in the Peel river country from August until December 18th. They found nothing on the river to warrant locating and as their provisions were running short decided to get outside if possible.

Another report which even the coast correspondent states is "unconfirmed," mentions the following list of those who were ill on Wind river: Dr. J. B. Mason, Chicago; W. C. Cusb, Brom brothers, Dr. Martin, dentist, Chicago; Edward Harris, Mitchell.

In view of the letter which we reproduce elsewhere in this issue, and which particularly mentions that there has been no illness among the miners on Wind river, except one isolated case from causes which are explained, there is no reason to place any reliance in the rumor.

FROM TETE JAUNE CACHE.

Hostyn, Derr and Hollings, of Edmonton, have come out of Tete Jaune Cache, to Donald, with Hughes, the attempted murderer of Alex. McCauley, at the Cache. In a letter to R. Mats here, Hostyn states they may be held as witnesses and do not know when they will get away, though he is going back as soon as he can, and is confident good prospects will be found there this fall. On their way out they met a party of 11 men and 35 head of horses making for Swift Current to work the creek, and a few days later they met another outfit of horses and men making for the same place. On reaching Donald they met an English party with lots of money, on their way in to see the country. They were laid over at Donald, having lost a horse with his pack and \$1,000. He had been missing for five days. McCauley was not dead when they left, but was being brought in by Mrs. McCauley, though the chances were he would be dead before he arrived at Donald.

PEEL RIVER.

The following splendid description of the Upper Peel, a region but little known, is sent by C. S. Coatsworth, one of the gold-seekers of the spring of 1898, in a letter to W. S. Robertson here. Mr. Coatsworth writes from Wind City, on Wind river, a branch of the Peel, under date of Dec. 21st last, and as Wind City is not marked on the map he describes his and his companion's location as follows:

"Geo. Campbell and myself are, as near as we can estimate it, about 200 nautical miles up the Peel river and its tributary, Wood river, from McPherson. The latitude and longitude are 134° 57' west and 65° 30' north, as near as we can tell. The Peel river is a very rapid stream after one reaches a point say 60 miles above McPherson. It is wide and divided into many channels in places. About 140 miles up the river divides almost into two equal parts and, as shown in Ogilvie's map, a great stream runs south in its general south and easterly direction. This stream, by de Sainville, is Good Hope river; the Indians call it Snake river; but the main body of water continues from south and west (the Peel) and forms several horse shoes in its sinuous course for 45 miles, where I saw the most picturesque scenery I ever witnessed, the Peel rapids. These are perpendicular walls of adamantine, kiorite and hemite rock 600 feet high and in some places mighty arches are formed on the side of the river in horse-shoe shapes, reaching from the water to the extreme top and returning to the water for the other heel of the shoe. Here and there is a little cave whose extreme end is obscured by darkness. Then a rivulet of water from the mountain top comes tumbling down the side, beating itself into thousands of silver gems and laughing joins its kind below. But I have not, were I disposed, ability to describe the mighty gorge where some thousands of years ago over a towering precipice poured a thundering Niagara. Year after year the water has flowed on and over it. Little by little it has worn away until to-day we rowed and poled a boat through without difficulty. Five miles above the Bonnet Plume river empties into the Peel. The river bed here is fully four miles wide and very shallow, and one continual rapid. Then the Wind river rapids are in view 20 miles off. This 20 miles is shallow and only sufficient water for a 10 inch draught boat. The Wind rapids can be rowed through in low water, as the Peel rapids can; but in high water I would think the passage almost impossible, August and September being the only months they can be got up. We are located in a comfortable shack about 8 miles up the Wind river. It is about 150 miles long and meets a river from the opposite side of the mountain flowing west, probably the Stewart or McMillan. There are 70 white men in Wind City. We are furnished with fresh meat by the Indians. Only one case of scurvy has been among us and that was due to excessive grease (bacon) and lack of cleanliness and washing. We have four doctors in our midst and four lawyers, but no use for either, except as above stated. Every one is healthy and looks well. There have been but two accidents, and those very trying and fatal. Mr. Timothy Orchard, of the Merchants Exchange bank, Chicago, and Mr. Berry have been drowned. Talk about work. Well, farming or any occupation "is not in it" with "tracking," pulling a boat against a stream. I may here add the last 140 miles was nothing but making a mule of one's self. But on your harness (track strap), pull, pull, pull all you can on all four—then pull again. That is not all: Often one is in water for hours at a time, up to his waist; when the snow is flying and the north wind is shriveling the marrow of our bones. We have done some prospecting coming up the river with unsatisfactory results. If nothing is found this side of the pass we will be across the mountains in March. Judge Morse and myself have procured dog trains to take us to Dawson in March and will return as soon as we can, possibly April 1st. I cannot close without mentioning our Indian friends. They are more christianized than most of our white brothers. Mr. Stringer, Episcopalian minister, now at Herschel island, has been at McPherson as-

isting Archdeacon McDonald, and the work they have wrought would make many of our church orators seem small in comparison. I have seen the Indians offer a blessing before sitting down to a meal of roots and fish, and when we gave them food they never failed to return the gift fourfold. Their word and promise is sacred. I wish to state also that the Hudson Bay Co. have used us in all respects as we could desire, and the officials of the company have treated us with the utmost courtesy and kindness. We arrived here with sufficient food to last us for two years and are comfortable and lazily happy. We have had the thermometer register as low as 52° below and it did not seem cold."

CRICKET.

The old Timers were defeated in Saturday's cricket match, by 32 runs. The result was rather unexpected, but Stewart and Howard bowled extremely well for their side. For the old timers Sergt. Aston and E. C. Emery were the bowlers, and W. B. Stennett deserves a word of praise for his long stopping.

The sensational development in the Lane murder case, caused by the arrest of the servant girl, Emily Hilda Clarke, for the murder of Mrs. Robert Lane, was followed by the preliminary trial before Stipendiary Magistrate Campbell at Brandon Monday. As the girl had confessed to the crime the trial was very brief. The prisoner after the reading of the indictment on being asked if she had anything to say, rose to her feet and said: "Yes, I am guilty and deserve the severest punishment you can give me. That's all." Evidence was given substantially as has been reported. The woman who was a servant in the Lane household for some time, in confessing her crime admitted that she had told a false story when she stated that the tramp had committed the crime. She says that she had no

intention of killing Mrs. Lane having bought the revolver in Winnipeg for the purpose of killing herself; but she stated that she grew insanely jealous of Mrs. Lane's love for the children, and shot her, not knowing what she did.

SENECA.

The New York Oil, Paint and Drug Reporter says: Western seneca is firmly held on spot at 25 to 26c and there seems no present disposition on the part of dealers at primary sources to quote lower than 24c laid down in New York. However, the dealers here state that they will not pay this price, firmly believing in a lower market in the near future.

Sir Wilfrid Laurier in reply to Tupper in the House, Friday, said that the senate reform resolution would be brought down this session.

The anti-ritualists have won a signal victory in the crusade against high church practices in the established church. The Archbishop of Canterbury and York, the highest prelates in the church, have made a report upon the use of candles and incense in church ceremonies. Both agree in declaring the use of incense and candles upon such occasions to be illegal and not in accordance with the ritual and their use is forbidden to all established churches.

NOTICE!

IN THE SUPREME COURT OF THE NORTH-WEST TERRITORIES, NORTHERN ALBERTA JUDICIAL DISTRICT.
Between John William Oskason, Plaintiff,
and Robert Morton Brown, Defendant.

ORDER FOR SUBSTITUTIONAL SERVICE.

Upon the application of the plaintiff, upon reading the affidavit of John William Oskason filed, and upon hearing counsel for the plaintiff,

IT IS ORDERED:
1. That service upon the defendant of the summons and particulars of claim in this action and of the garnishee summons herein by publishing this order, together with the notice herein endorsed, once a week for three weeks preceding the last day of July, 1899, in the Edmonton Bulletin, a newspaper published semi-weekly at the Town of Edmonton, in this Judicial District, be deemed good and sufficient service of the said summons, particulars of claim and garnishee summons.

2. And it is further ordered that the defendant enter an appearance to said summons and garnishee summons and file his statement of defence in the office of the deputy clerk of this court at Edmonton on or before the first day of August, 1899, with liberty to the plaintiff in case of such default to proceed to judgment against the defendant.

3. And it is further ordered that the costs of this application be costs in the cause.

(Signed) CHAS. B. ROULEAU,
J. S. G.

NOTICE ENDORSED.

This action is brought to recover the sum of \$92.61, the balance due by the above defendant to plaintiff for board and lodging supplied by the plaintiff to the defendant from the 1st day of August, 1898, and the 1st day of November, 1897, and amounting to \$180.00, on account of which said indebtedness the defendant has paid the sum of \$117.39, leaving a balance due the plaintiff by the defendant of the said sum of \$92.61.

The garnishee are: The Government of the North-West Territories (Educational Department) and the Board of Trustees of Tofield Protestant Public School District No. 375 of the North-West Territories.

Fig Leaves..

From ancient and biblical historians we learn that the early costume of man—and woman too—was fig leaves. Since those days times and manners have changed, and custom now demands more substantial apparel. Ladies of fashion now procure their gowns from Worth, the great Parisian modiste; and men, anxious to have fashionable attire at a reasonable price, go to

LEDUC'S CELEBRATION.

Splendid weather was thoughtfully provided for Leduc's first celebration, and as a result a large number of pleasure-seekers drove down from the two towns to participate in the sports. The baseball match between Leduc and Strathcona teams was won by the visitors, the score being 47 to 3. Only five innings were played.

The racing and athletic events were won as follows:

Pony Race: 1st, Pillion's Tooth Pick; 2nd, Garneau's Black Diamond; 3rd, Bonin's Buckskin.

Half Mile Run: 1st, Boyce's Minnette; 2nd, Boyce's Roxie; 3rd, Tooth Pick.

One Mile Trot: 1st, Seamen's Gift; 2nd, F. Good's Jimmie Mitchell; 3rd, Wainwright's Bay Bess.

Farmers Race: Ten entries; 1st, Irvine's Silver Gray; 2nd, Pogue's Dick.

Consolation Race: 1st, Wylie's Prince; 2nd, McMartin's Maud.

One Hundred Yards Race: 1st, J. Smith, Strathcona; 2nd, W. A. Griesbach, Edmonton.

Boys' Race, 16 Years and under: 1st, John Pogue; 2nd, Fred. Falkenburg.

Consolation Boys' Race: 1st, R. Grumwalt.

The day's sports were concluded with a tug-of-war between Clearwater and Conjuging creek, which was won by the former, and a very pretty display of fireworks in the evening.

RED DEER.

Edward Burch after spending several months here as book keeper for Burch & Co., returned to Winnipeg on Tuesday.

Mr. Brooks, engineer for the C. & E. railway, stopped over here this week and visited the stone quarry. He pronounced it the best in the Territories.

W. Postill took a trip to Calgary last week and R. L. Gaetz has taken the advantage of the cheap tickets to Winnipeg where he will order the firms goods for the fall trade.

W. Piper and C. Hanson are both busy making brick for the season. It is expected that there will be a large demand for brick this year owing to the scarcity and high price of lumber.

Mrs. W. Sprinbott and family and Miss McQueen left Tuesday for Ontario where they will reside for a few months visiting friends.

Miss Bernice E. Greene left for Ontario where she will reside for a term of years, in one of Ontario's educational institutions.

G. A. Love received a car of lumber this week and expects several more in a few days.

The town overseer has started the local works of the season and already several needed improvements have been done.

S. Wilson has the plans for his new store and operations are going on at a great rate. Stone cutters are at work and in a few days progress will be the order.

The crops have never looked better at this time of the year and everything promises a great crop. The acreage is considerably greater than former years.

It is expected that before fall two elevators will be erected in addition to the one already in operation. To-day the Orangemen of Lacombe and Innisfail are assisting the local lodge in celebrating the 12th. Already a large crowd of people have arrived and

everything points to a great day. A picnic will be held in Piper's grove near at hand to the town.

If dame rumor be correct we will have two more general stores and another hardware store opened up in a few days. This with the co-operative store and a new hotel will make things somewhat lively here and it does really look as though there would be an awakening up of business and commercial enterprise—a needed advancement.

Last week fourteen candidates wrote on the departmental examinations conducted in the public school by Miss Barker as presiding examiner.

T. F. Ellis has torn down the old Queens' hotel building, the first landmark in town, and will erect a fine, commodious modern hotel with a complete supply of neat sample rooms and billiard tables.
